

SMALL, VERSATILE & ESSENTIAL FOR ANY SHOP

## A COMPACT DaDo LASER WELDER

**ONLY £2990 + VAT**

- 2 years hot-swap warranty
- 10x microscope
- 0.2-1.5 mm spot size
- Small footprint. Can be placed anywhere

**DaDo Welding App** – The DaDo comes with its own app that allows users to set their welding parameters right from their smart phone or tablet.

**Vocal Assistant** – Let the DaDo talk to you. If an error occurs while you are using it, the voice assistant will speak the error to you.

**LED Status Indicator** – The LEDs inside the welding chamber will change colour as you change the parameters, giving you colour indicated power levels.

**Accessories Included** – A complete system should be complete. That's why DaDo comes equipped with all the accessories you need.

**Mobile Interface** – The mobile app for the DaDo is easy and intuitive. Manage all the DaDo parameters and its status right from your screen.

**Easy Setup** – The DaDo is quick to setup. Simply unpack, add water, download the app & weld!
